## **ORIGINAL REPORT**

Wednesday night five people from North Africa were beaten up by the border police. The police found the refugees in a small city just before Zagreb. There were four or five police officers, they asked "Where are you from?" "How old are you?" "What are your names?" Nobody was talking about asylum.

They drove them to the northern border in a blue police van without windows. They stopped in the forest close to Sombor. At this time there were only two border policemen. One by one had to go out of the car and was beaten with police batons.
